Hi Ann,

Email is perfect.

Can I combine the documents NOAA/NMFS located in response to the FOIA request you submitted to them and which they referred to us for final release determination with our pending request EPA R2 2021 000568? Functionally, it's to work out of one case file in the FOIA response e-system rather than having multiple assignments open since it's concerning the same subject, Limetree documents.

Please advise so that I can proceed with administrative closure on the above subject matter. Thanks so much, Ann!

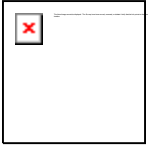

Sincerely,

Hello Ms. Brown,

This is in furtherance to the FOIA request you submitted to the NOAA and their subsequent referral to EPA for release determination. I have an administrative processing question for you. Please call me at your earliest convenience.
